by WALTER M. BARRETT

"Now that she's flying, why not suggest that we all buy more bonds and stamps and keep her flying," a friend proposed following the dedication of the new flag which looks down upon Truckee from its place on the pole near the Southern Pacific Hotel. We believe the suggestion merits serious consideration and so pass it along to you.

Incidentally, we bow to Al Pfaendler for the fine way in which he arranged and managed the dedication of the new flag yesterday. We always knew Al was a good officer and citizen but he surpirsed us by turning out to be a better than average progam chairman and speaker.

A distasteful bit of gossip was started during the past few days when it was announced that the old Downieville Mountain Messenger, one of California's oldest newspapers had "folded" as a war casualty. We made summary inquiry and found that this was not true and that the Messenger would continue to serve the people of Sierra County's capital as in the past despite hard sledding. This was good news indeed and we sincerely hope the new management will have the support and confidence he deserves.

We certainly appreciate the action of the Truckee Fire Department in assuming part of the cost of sending the home-town paper to the boys in the service. This spirit exepmlifies the department attitude an' while we did not ask or expect financial assistance in our self-appointed goodwill program to the service men, the action by the department is even more fully appreciated. We know, too that the men in the service will gain inspiration from this action.

Gas Rationing Program May Be Postponed

Rationing Delay Gives Time For Surrendering Extra Tires

Although the Truckee board has made all preparations and is ready to proceed with the issuance of gasoline rationing books, as soon asthey arrive, there is a strong possibility of a postponement of nationwide rationing scheduled to go into effect November 22. Unofficial reports are that the program has been delayed until December 1.

Authorities ordered a delay of six days from November 12, 13 and 14 tc November 18, 19 and 20 for regisration which will be held here at the grammar school with P. R. Nelson chosen as site supervisor and administrator. He will be assisted by a group of volunteer registrars.

Henry C. Heerdt, district fuel rationing representative from San Francisco was here last week arranging last-minute details in connection with the program.

Forms to be filled out prior to making application are obtainable at service stations, garages and from the office of the local board in Bank of America.

Only basic "A" books can be issued at the time of registration. Supplimental supply must be obtained by separate application to be made later with the rationing board. Date for procuring the "B", "C" and truck books, will be announced later depending upon the definite date to be set by the Office of Price Administration.

Certificates of war necessity must be secured from the Office of Defense Transportation at the Oschner Buliding in Sacramento before the "T" books can be issued.

Tire inspectors selected by the board are M. C. Immer, Charles Brunk, Lyle Sabin and James Garibaldi.

All tires, with the exception of the five permited each operating passenger car, must be surrendered to the government, through the Railway Express Company, before even the basic "A" book may be issued. The local rationing board has no jurisdiction over truck tires, this being handled by the ODT.

No one is permitted to sell, trade or even give away tires to anyone other than the government.

Reasons given for the delay in registering was that many districts are not yet prepared and insufficient books have been printed to care for the big program.

The OPA officials said the ordered postponment of registration automatically delays the deadline for turning in extra tires.

In some unofficial quarters it was predicted that rationing may be postponed as long as a month.

MY PLACE IN THE SUN

By PVT. DOUG BARRETT

Once again Sunday morning rolls around to the world and more specifically to Jefferson Barracks. The past week has found me to be a busy little bee. Our outfit, as part of the training program, went on an overnight bivouac into the hills of Missouri. We marched under pack with a gun slung over our shoulders and pitched pup tents in the open. About 10 that night we thought someone had picked up the Mississippi River and dumped it on us. Rain! Never have I seen such rain. Our packs were soaked on the return journey, making them heavier and some joker took the decimal point out of the 8.69 pound rifle we carried. However, morale remained good and we only had two men who had to return on the truck, although the lieutenant in charge had to carry another's gun. All in all, though, we enjoyed the trip except for the California mist.

Last week I had occasion to go before my squadron adjutant to have my absentee ballot notarized. And, lo, this is a small army. Some of you in Truckee may know Ed Fairburn, Sacramento County engineer. Well he's on leave of absence and is my adjutant as First Lieutenant E. A. Fairburn. In the summer of 1933 he was employed at the Truckee-Tahoe Lumber Company and knows Charlie Carrau and Tony Pace well.

I finally located Bob Bowers here. He lives about two city blocks away from me and eats at the same mess hall. We go to the camp high-spots together and share many common memories. Bob certainly misses Tina and for that matter so do I but we both feel it won't be long before we return, assured that our way of life is secure and free ..... Incidentally, we both got a laugh out of a big news story that married men are to be drafted inasmuch as about 25 per cent of our buddies have wives at home.

My sister, Dot, sent me another batch of pictures that we enjoyed very much. She got a dandy of Tony Ghirard with the 300-pound bear that he and Oscar Schumacher bagged. Quite a beasty, that.

Last Rites Held In Oakland For Mrs. Schlueter

Well Known Matron From Tahoe Expires At Reno Hospital

TAHOE CITY, Nov. 12.—Funeral services were held in Oakland at 2:30 o'clock Tuesday afternoon for Mrs. Annabelle Schlueter, 69, wife of Theodore Schlueter, owner of Schlueter's Tahoe Cabins, who expired after an extended illness in St. Mary's Hospital in Reno Saturday afternoon at 3:30 o'clock. Death was attributed to after effects of a severe attack of influenza which Mrs. Schlueter suffered some weeks ago.

Since her removal to the hospital more than two weeks ago, her devoted husband had been constantly in attendance as her condition steadily grew worse from day to day despite the efforts of eminent doctors.

The Schlueters came to Tahoe City about six years ago and have built and developed one of the choice resorts of the district where they resided winter and summer. They came here from Oakland where they had made their home for years and where Mrs. Schlueter was a past president and an active worker in the Needlework Guild of America, an organization maintained for philanthropic work among the needy. That sort of work exemplified the life she lived and she won the sincere admiration of her scores of friends and acquaintances with unselfish devotion to the less fortunate.

She was a native of Chicago and leaves her husband, a past president of the Oakland and Truckee Rotary Clubs, a daughter, Mrs. Ruth Summers of Palm Springs, two brothers, George Lloyd of Oakland and Alvin Lloyd of Los Angeles, two sisters, Mrs. Helen Phelps of Richmond and Mrs. Emma Melle of Oakland. Mrs. Schlueter never recovered from the shock of the sudden death of her only son, Theodore, Jr., who was killed two years ago in an accident.

The sympathy of the entire region is extended to the fine family.

Jerry, Friendly Truckee Police Dog, Is Dead

* * * *

Truckee this week lost a good friend when old Jerry, the big, good-natured German police dog, owned by the Walter Loynds died. Although owned by the Loynds, Jerry was everybody's friend. He spent his summers at the heels of A. Bianchi, local watch maker, and hundreds of passing tourists stopped to give the old dog a friendly pat on the head and a word of greeting.

Jerry was nearly 15 years old, but his death was due to a back injury suffered in an acicdent in puppyhood. He was truly a good character and his one undogly vice was his love for cats, which with all other living things, were his friends.

Five or six years ago, Jerry earned the title of hero when he was credited with saving the lives of two men lost in a blizzard on Donner Summit. The big dog froze his feet in the effort, but led the two to safety.

Absentee Votes Fail To Change Election Result

Dolley, Pierce Split Votes; Tobiassen Adds To Lead in Race

Sheriff Carl J. Tobiassen gained additional votes over his opponent Richard Hoskins in the absentee ballot count completed yesterday by the Board of Supervisors and the final result gave him a lead of 171, the official totals being:

Tobiassen	**3046**
Hoskins	**2875**

Although Eben Smart gathered more absentee votes than Phil Scadden in the contest for assessor, the latter won by a margin of 197 votes The final tabulation was:

Scadden	**3004**
Smart	**2807**

N. F. Dolley and Charles Pierce split the absentee votes for the office of constable of Meadow Lake Township, but Dolley won by a margin of 114 votes. Dolley received 14 and Pierce 13 of the absentee ballots. The official count stood:

Dolley	**232**
Pierce	**118**

There were no other contested local offices and the state results were not effected by the local canvass and absentee count completed yesterday.

DOCTOR FROM CHINA TELLS OF CONDITION AT LIONS MEETING

Dr. Richard Loewenberg, of Portola, who left Germany in 1933 and who spent five years in Shanghai before coming to the United States in 1937, gave a vivid word picture of life in China in an address before members and guests of the Truckee Lions Club last night.

He spoke of the cultural and economic life in China before the Jap invasion and particularly interesting was that part of his talk which told of the bombing of Shanghai in 1937.

He spoke highly of the United States and the part it is playing in the world struggle today.

Other guests included Harold Doig of the telephone company at Portola Dr. J. H. Bernard of Truckee. and Angelo Besio of Truckee. A. P. Leitch was program chairman and Elden Tonini presided.

ARNOLD WEBER OF SKI GROUP DIES AT SUSANVILLE

SUSANVILLE, Nov. 12.— Arnold N. Weber, 43, former president of the California Ski association and well known in Truckee and Lake Tahoe, died early Wednesday at his home of an apparent heart attack.

Weber went to Susanville from Placerville last February 1. He was in charge of timber sales in the Lassen National Forest.

He leaves his parents, a wife and a son.

NEW MANAGER FOR HOTEL ARRIVES HERE

Le Moyne Locke, San Francisco hotel manager has arrived here to take over the management of the Sierra Tavern and today was planning to return to San Francisco to bring Mrs. Locke and their four year old son, who will make their home here. Locke has managed big hotels in the bay area and should prove to be an asset to this community.

Pinellis Leaving For Lemon Valley Station

Mr. and Mrs. Ernest Pinneli are leaving Truckee to make their home in Reno. Pinnelli has been transferred to Lemon Valley by the Standard Oil Company which he has represented here for the past two years. He will be succeeded temporarily by Eugene Slaven, a former Truckee resident now in Lemon Valley.

Pinnelli did not know his ultimate destination but hoped he could be returned to Truckee as soon as possible.

Large Fines Paid Into County From Truckee

Justice of the Peace C. E. Smith of Truckee has turned in a total of $455 in fines and fees from Truckee for the month of October, according to a report from Nevada City.

Book Review Features Wyethia Club Meeting

With 20 present, the Wyethia Women's Club met last Thursday and heard a book review by Miss Anna Marie Munro on J. T. White's new non-fiction portrayal of the invasion of the Philippines, "They Were Expendable." Mrs. P. R. Nelson and Mrs. H. T. Langille were hostesses.

Baby Inhales Nut Meat; Taken To Reno Hospital

Little Linda Loynd, baby daughter of Mr. and Mrs. Walter Loynd of Truckee, is in St. Mary's Hospital in Reno where specialists are removing pieces of nut meat from her lungs. The child inhaled some of the small pieces at her home last week and because of her age, it was not possible to operate so the more complicated method of suction is being used. Her parents are in constant attendance and Linda yesterday was reported greatly improved.

Hellers Located—

Mr. and Mrs. Charles R. Heller, formerly of Meeks Bay are now living at 1215 Fifth Avenue, San Rafael and Charlie is working for the San Rafael Market.

Another Birthday—

Henry G. Loehr celebrated his birth day on November 5.

Cardinal Hopes To Be Home From Hospital

Seaman Heslin Cardinal, who was reported missing in action following a Japanese attack in the Guadalcanal area some time ago and who was later found to have been only wounded and in a hospital somewhere in the Pacific, writes that he expects to be returned home when transportation is available.

FOOD SALE PLANNED BY WYETHIA CLUB

Friday the 13th is considered a lucky day for the Women's Wyethia Club, or so it should prove when the members will hold a food sale at the Truckee Public Utility District office starting at 10 in the morning.

Tasty dishes, prepared by some of Truckee's best cooks will be sold to increase the club's fund. Mrs. A. P. Leitch is chairman of the committee and will be assisted by Mrs. H. T. Langille and Mrs. Bert Weeden.

Quarantine Employes Collect Scrap Iron Pile

Fritz Perry of the state quarantine station, east of Truckee, assisted by Mel Hayes and Robert Bottel, has collected ten tons of iron scrap and 1000 pounds of rubber which is ready for disposal by the Truckee salvage committee.

The men are members of the Donner Chapter, C. S. E. A.

The scrap car has been spotted in the Southern Pacific yards here and awaits the services of volunteers to be loaded and dispatched en route to Tokio and Berlin.

Get your scrap in the fight

KINGVALE SKIER IS ENLISTED IN PATROL

Byron Johnson of Kingvale has enlisted in the Mountain Infantry of the United States Army and expects to leave soon to commence his initial training. He is an expert skiier and should be valuable in his chosen service.

Fire Restrictions Lifted But Permits Needed For Debris Burning

Forest Supervisor Guerdon Ellis of the Tahoe National Forest states that smoking and camp fire restrictions have been officially lifted on the Tahoe forest as of November 2.

Debris burning permits are required until December 1 by state law. These permits are issued by the federal forest rangers inside the national forest and by state forest arngers for the territory outside. The 1942 fire season has been the lightest in the history of the Tahoe forest.

The traveling public has in general been extremely careful in the use of fire. Fire proofing of rights of way has also done much to reduce railroad fires. Except for some carelessness around Lake Tahoe during the first part of the season, smokers have taken warnings seriously and have been careful with matches and tobacco.

The experience of the past year has pointed out the necessity of fire hazard cleaunp around bulidings in the forest. Ellis urges disposal of all trash and debris this winter so that the 1943 fire season will find everyone prepared.

Returns Home—

Mrs. Glenn Sweeney who has been spending several days with her son in law and daughter, Mr. and Mrs. Dallas Brown in Reno has returned home.

NEW FLAG RAISED IN HONOR OF LOCAL MEN IN SERVICE

More than 100 local citizens assembled at the Southern Pacific's flag pole yesterday to assist in the dedication of the new flag to the men from Truckee in the armed service. The program was arranged by Albert Pfaendler who was the master of ceremonies. Military men, headed by Lieutenant Bristol assisted the S. P. employes, American Legion, the grammar school and the clergy in presenting a simple but impressive program.

ENLISTED MEN ARE FETED AT DINNER BY MRS. GAIENNIE

Mrs. F. W. Gaiennie was hostess last night at a dinner party honoring the married men, all employes of the Sierra Pacific Power Company, who have enlisted in the service and are only awaiting call. They included her son, Daryl Gaiennie, who recently was discharged from the navy and who is returning soon desipte the fact he is married and has 'wo small youngsters.

Others at the dinner with their wives were Robert Tonini, who has been ordered to report for naval duty Saturday; Leo Cardinal, who is awaiting his call from the Coast Guard and Lewis Brown of Reno, a former Truckee resident, who is going into the navy.

Resolution By Board Hits Government's Camp Land Appraising

The Nevada County Board of Supervisors at its November sessions adopted a resolution deploring the methods employed by federal government officials in appraising the lands within the Camp Beale area, which includes 52,099 arres in Yuba county and 34,009 acres in Nevada county.

The resolution asks for an investigation of the instances of unfairness in the appraisal. The resolution was patterned after one adopted by the Yuba county board.

Appraisals were made, according to the resolution, with "total disregard of the real values of the many years past and also in total disregard of county tax assessments during the period now current, which assessments have been estimated by the Boards of Supervisors of both Yuba and Nevada counties as being 50 per cent of the true values . . ."

Plan Vacation—

Mr. and Mrs. William Englehart, Sr., planned to leave today for Sacramento for a vacation of a few days. Later they will ttend a Coca-Cola Bottlers convention in the same city.

Get your scrap in the fight

FOUR TRUCKEE MEN INDUCTED IN ARMY IN NEW DRAFT CALL

Four Truckee men were inducted into the army at Sacramento this week and are enjoying the two weeks leave of absence before reporting for active uty at Monterey.

They include Edwin Parkhurst, a division of highways employe; John Collier, who has been employed by the Mattos Beverage and Ice; John Rau, of the Southern Pacific Company's water department and Ralph Bretthauer, bartender at Tony's Club and Coffee Shop.

FIREMEN VOTE TO ASSIST PROGRAM FOR LOCAL PAPER

The Truckee Volunteer Fire department at its meeting Tuesday voted to contribute the sum of $17.50 to aid in the expense of sending The Sierra Sun and Truckee Republican to the men from Truckee now in the armed forces. The entire expense had been willingly borne by the publication.

Three new members were voted into the department, according to Chief N. F. Dolley. They are Vernon Pearson, Llye Sabin and Rubin Swett. The latter arrived recently from San Francisco and is associated with Charles Brunk at the Donner Garage.

MRS. BOTTEL GIVEN SHOWER BY GROUP

Mesdames M. Gaffield, Fritz Perry, Melvin Hayes and Bart Blesh, the latter of the Lake Tahoe district, were co-hostesses at a surprise shower given to honor Mrs. Robert Bottel at the San Franicsco Flycasting club Tuesday evening.

More than 30 guests were present to greet the feted guest. Bridge and bingo were diversions of the pleasant affair with decoration and refreshments in the tints of pink and blue indicative of the chosen theme. Many gifts were presented Mrs. Bottel during the evening.

TAHOE GUN CLUB RELOCATES RANGE

Members of the Tahoe Gun Club have moved their target range from the hill near the old CCC camp above town to the vicinity of the highway near the Tahoe Wye. Permission was sought first before the move was made. Target practice will continue as long as members remain in. The old site was inaccessible during heavy snows.

ON THE NEWS FRONT

Hoarding, Shipping Losses Bring U. S. Coffee Rationing

WPB officials, commenting on coffee rationing which begins midnight, November 28, said they believed the informal rationing of coffee, rationing without use of the coupon books, could have progressed very well if coffee hoarding had not taken place by householders throughout the United States.

The "one-pound-to-a-customer" operation by grocers would have prevented the rationing of one pound of coffee every five weeks to each person 15 or more years old.

When the pending coupon book coffee rationing was announced, War Production board and Price Administration officials bitterly denounced those coffee hoarders who forced such action.

They pointed out that even though the Nazi U-boats have taken a toll of ships that would have brought coffee, and other supplies, from the South American ports, the limited supply in the United States would have stood a normal buyers' strain. The grocers of the nation were doing a fine job of voluntary coffee rationing until the hoarders broke the system down.

So now the nation has another war lesson to learn: hoarding not only hurts the citizen who is playing fair, it also brings on rationing that might not be necessary.

If you usually had one cup of coffee with each meal, three a day, in a year you would drink 1,095 cups. Under the new set-up the most you will be able to have over a 365-day period is just about 402 cups. That is, according to your own rationing book.

To date, rationing brought about by war emergency has caused no extreme hardship for anyone. Everyone has found he can get along on less sugar. Meat, at 2½ pounds a week has been found sufficient for everyone. That is just about the average for the normal meat eater. Restrictions placed on oil consumption will harm no one providing proper heating of the home is attended to, and suitable, warm and comfortable clothing is worn at all times.

So, too, is it with coffee rationing.

The people of the United States have always been heavy coffee drinkers. Possibly it has been more of a habit than anything else that has caused them to be that way. Since 1941 each person consumed at least 13 pounds of coffee each year. (You can figure out how many cups this is by multiplying the 13 pounds by 35 to 40, which is the number of cups to the pound.)

Last year, because of abnormal demands, the figure jumped to 16 pounds per person per year.

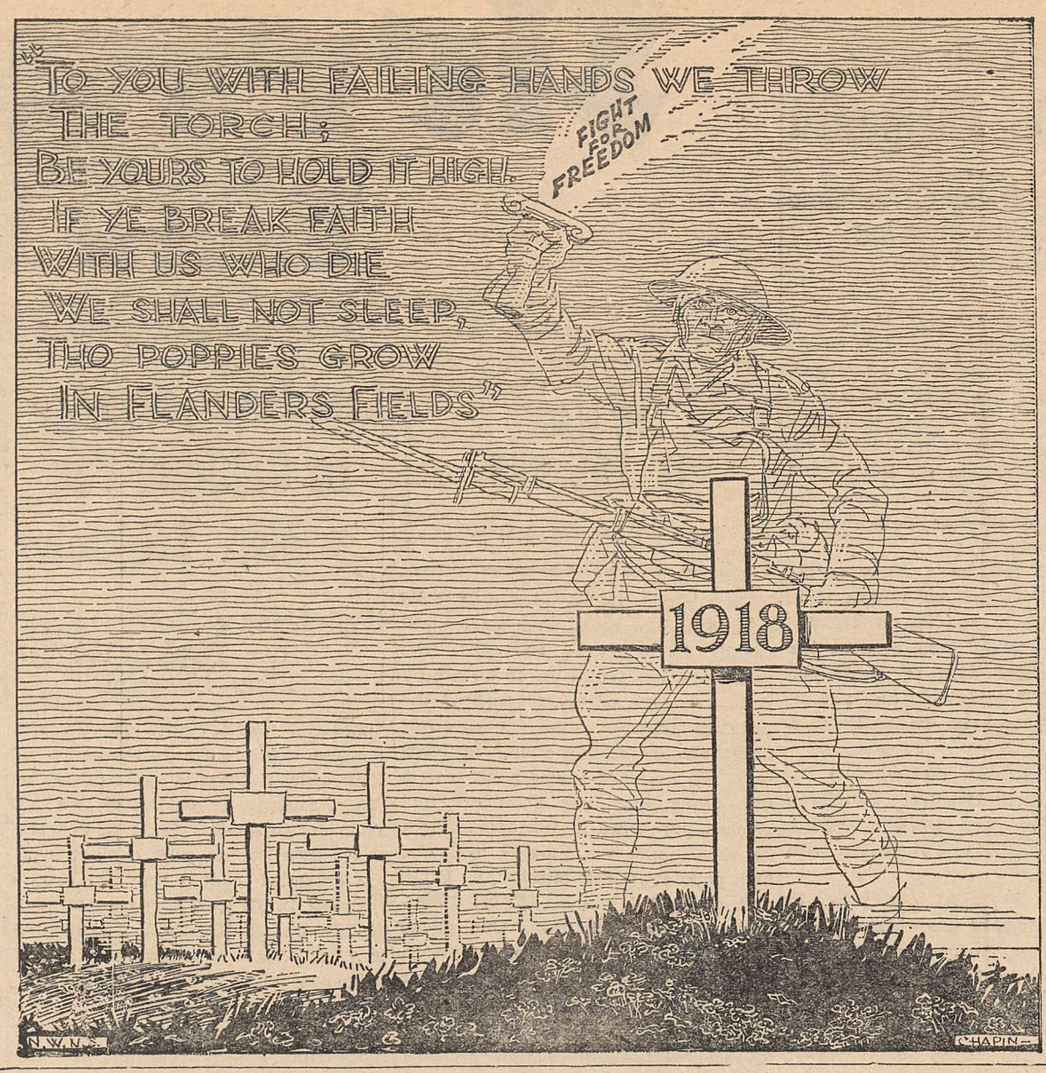
But all that—thanks to the hoarders—has been changed.

For a time it will mean a little hardship on those who had to have their three a day—or more. But psychologists have hinted that the best way to get over a habit, to break it once and for all, is to form a new one.

Why not hot milk?

There is plenty of it. There seems to be no indication there will be less available as one-a-day coffee becomes part of every American's daily routine until once again the Common Man is vindicated, and there are plenty of ships to bring coffee from South American plantations.

Armistice Day, 1942



EDITORIAL

HOW WE CAN TALK BACK

The German and Japanese threats to maltreat war prisoners unless we do this or that should be taken with a large grain of salt, even by the mothers and fathers of boys in the service who feel cold shivers run up their backs when they hear such stories.

During the first period of the war Hitler had the strength, when he threatened reprisals for bombings of German cities, to make us realize that his threats might be carried out. Now, it is apparent that his threats of all kinds grow out of fear. He knows that if he harms prisoners, or violates international rules of humanity in other ways, the Allies can punish him a thousand fold by increased bombings of Germany.

As for the Japs, they have made so much of one small raid on Tokyo because they realize that Tokyo would be one of the easiest cities in the world to destroy by bombing. If we answer their threat to harm war prisoners by promising to give Tokyo a real taste of bombing if those threats are carried out, even Hirohito would agree that it would be foolish for Japan to perform any such foolhardy act.

The Allies are getting the upperhand—and even though the actual end of the war may be a long way off—we are now in a position to talk back to our enemies in a language they understand.

WHAT'S BEHIND TIRE RATIONING?

There is one thing about this gas-tire rationing we'd like to know about: does the government want us to conserve our tires so they can be confiscated for war workers later on, or are the ration directors merely trying to force us to conserve tires so the life of our cars will be prolonged for our own personal use?

If the purpose is only to save our tires for our own use, rationing could well be based on our present tire mileage. If a new tire is good for 30,000 miles, at the A card rate of 3,000 miles a year, that tire would last for 10 years. That is considerably longer than even the most pessimistic prophets of war consider necessary.

On the other hand, if we are saving rubber so some war worker can have our tires when his wear out—the government should make that clear to us.

The chances are we would be more concerned about preserving them if we realized our tires might be needed later to keep war production from bogging down—if we thought they were being entrusted to us on borrowed time. But if it is just a question of saving our tires for ourselves—with no other patriotic urge—many of us would be tempted to use them according to our own judgment.

Colorado has 14 national forests covering approximately one-fifth of the state, watered by miles of trout streams and hundreds of crystal lakes.

Politically Speaking

by JOHN W. DUNLAP
(United Press Staff Correspondent)

SACRAMENTO, Nov. 12.— (UP)— California's Republicans, the minority party on the basis of state registrations, are feeling pretty cocky these days—and with good reason.

Most of their major candidates were swept into office in last Tuesday's general election which saw the GOP visotrious in most states from coast to coast.

Although he had been favored in the betting odds ever since the August primary election, Republican Attorney General Earl Warren, campaigning on a nonpartisan platform, ran even better than many political prognosticators anticipated. He carried every county in the state. Even the most diehard Democrats were forced to admit that he administered a thumping defeat to Gov. Culbert Olson who was seeking a second term, a goal achieved previously by only two California chief executives.

A variety of explanations have been offered for the decisive Republican victory. Nationally, the most common being that GOP supporters and Democrats joined at the polls in expressing their dissatisfaction with the handling of the war effort.

The same may hold true in California, where Governor Olson has been criticized severely in many quarters for his administration and direction of the state's war effort.

But when Governor-elect Warren is sworn in enxt January as the state's 30th governor, he will bring to office a wealth of information on war endeavors, particularly in the field of civilian defense. Nor will he be a tyro at holding public office.

Since World War 1 when he served as an infantry lieutenant, the governor-elect has held many offices starting with clerk for a legislative judiciary committee and progerssing through positions as deputy city attorney of Oakland and deputy district attorney of Alameda county until his election as attorney general in 1938.

Nor is the governor-elect lacking in political acumen. He si former chairman of the Republican State centray committee and a former Republican National Committeeman for California.

Most surprising race on the entire Republican slate was that of Warren's running mate, Frederick Houser. After a ding-dong battle for the lieutenant governorship with the Democratic incumbent Ellis E. Patterson the former state assemblyman emerged victorious by several thousand votes.

Democratic Secretary of State Paul Peek, figured by many a cinch to win reelection was running behind his Republican opponent Frank Jordan, former deputy secretary of state at this writing. Peek, however, had conceded the election to his opponent.

State Senator Robert Kenny of Los Angeles, who withdrew from the gubernatorial race in favor of the contest for attorney general, was the only democratic candidate in the race for a constitutional office to win election. Although the contest was close for a itme, Kenny, a personal friend of Warren's, finally ran up a heavy majority over his GOP opponent, Wallace Ware.

Incumbent controller Harry B. Rilel and State Treasurer Charles Johnson, with only minor opposition, coasted to easy victories. Both are Republicans.

As a result of the election, California's congressional delegation will be divided evenly between Republicans and Democrats, with one race that probably will have to be determined by the absentee ballots. In the 23rd district, San Diego county, Democratic incumbent Ed Izac had a lead of less than 200 over James Abbey, Republican. There are some 1200 absentee ballots in the district.

Almost complete unofficial returns also show decisive Republican gains in the legislature. Forty-three assembly seats were assured for the Republicans as compared with 37 for the Democrats. The GOP advantage in the senate will be 24 to 16.

Meanwhle Warren took a fishing trip to rest up from the campaign but planned to establish an office in Sacramento shortly. There he will confer with legislative leaders, work on the biennial budget and pick his cabinet members.

CARS STILL MOST DANGEROUS

War time inventors with all their ingenuity have yet to produce a combination more dangerous than a driver with a fast car, a bottle of hooch and an open road.

PEACE OFFICERS ATTEND MEETING OF FBI SCHOOL

TAHOE CITY, Nov. 12.— Constable and Mrs. Harry Johanson have returned from a trip to Sacramento where the local officer attended the quarterly meeting of the FBI law enforcement organization. The meeting was presided over by Nat Pieper special agent in charge of the San Francisco FBI office. Those in attendance included sheriffs, constables fish and game wardens, representatives of the highway patrol and the state board of equalization, forest service men and county attorneys.

The confenrence was held under the FBI local law enforcement officers mobilization plan which was formulated in 1939 by J. Edgar Hoover in anticipation of many emergencies and responsibilities placed on the police under wartime conditions.

Tahoe Briefs

Mrs. John B. Metcalf of Tahoe recently gave a year's subscription or Audubon Bird Magazine to the local library.

Robert Wallace last eek snared a brown bear weighing around 600 pounds, the same one no doubt, which has given scares to several Tahoe residents out walking who encountered her. She was caught on the slope just above Tahoe City. He plans to have the skin tanned for a rug.

Fred Setley of the Tahoe Fish Hatchery left Monday for a month's vacation. He planned to visit with friends in Oakland and San Lorenzo to to return leisurely to the vicinity of Auburn where he could easily make the return to Tahoe when and if the gas rationing becomes effective as publicized.

Allen Pollock of the Mt. Whitney Fish Hatchery at Independence, arrived at Tahoe on election day to take charge of the local hatcheries. He assumed the duties so efficiently handled for many years by J. C. Lewis is now retired and living in the Santa Cruz mountain country.

Tahoe Briefs

Mr. and Mrs. Bert Watson of Tahoe City Monday last observed their 38th wedding anniversary. They received the congratulations of their neighbors and relatives and celebrated the event in Reno Sunday with a dinner and show.

Fred Kilner, Homewood realtor, who recently purchased the Alice Bullion property on the lakeshore next to the Hall Ross home, has divided the two lots and remodeled one of the smaller houses which he plans to retain. The old Bullion house proper has been sold to G. D. Brison, D. C., of Marysville.

Recent news from Miss Margaret Luhrs, niece of Mr. and Mrs. Atherton of Fallon, informs her Tahoe friends that she has discontinued her studies at University of Nevada and is now training to become a nurse at St. Frincis Hospital in San Francisco.

Friends in Tahoe Park of Mr. and Mrs. Monett Hamilton, who closed their resort, Tahoe Lodge, some time ago and returned to their winter home in Vallejo, learned recently that Mrs. Hamilton has gone to Lawrence, Kansas, where she was visiting her son, Monett, Jr., who has been in military training there. He expects to be transferred to another camp soon.

Ben Callender of The Hut in Homewood recently observed a birthday which he celebrated by taking his family to Reno for appropriate festivities.

Mr.s Anne Anderson of the Tahoe library announces this week the gift box of lovely books form Mr. and Mrs. Fred Kilner of Homewood. Some will be kept at the library and some sent to the service men.

Mrs. Barney Morrow of Tahoe City recently transported in her car to Auburn 10 boxes of books from the local library. Five of these were books being returned to circulation from the library due to the terrific and sudden decrease in Tahoe's population, the other five being taken to the Auburn library for distribution to soldiers' libraries.

TAHOE SCRAP ON WAY TO PLANTS AS PROJECT ENDS

TAHOE CITY, Nov. 12.— Norman Mayfield in charge of the scrap iron collection for the district Sunday heaved a sigh of real relief as he and his helpers viewed with satisfaction the 60-foot long railway car loaded to the gunnels with every description of metal imaginable to make bombs for Uncle Sam's fighting army.

Various estimates of the tonnage were ventured but we shall await the official report from Roseville where the car is to be weighed before giving out figures.

Our hats are off to the faithful ones who took valuable time from their ow affairs to prove their loyalty to their country.

—V—

Tahoe Schools

Two visitors at the school at Tahoe Monday were Richard Carnell who looked in upon his former classmates in high school and Howard Carnell who visited in the grammar grades.

All students of the eigth grade and high school classes are studying first aid under Mrs. Myrtle Gallinger Those who already hold cards are refreshing their memories and all high school students will have cards at the close of instructions.

The Tahoe Lake School this week is in receipt of a certificate of merit from the United States Treasury Department for their recent acquisitation of the treasury flag, permitted to fly over any school where 90 per cent or more of the sstudents buy war stamps each month.

A new pupil, Bob Sayres of Meeks Bay from the Southgate District of Los Angeles, is in attendance at the high school this week while two new pupils, Myra Lee and Alberta Pollock from the Tahoe Fish Hatchery have joined the fourth and sixth grades respectively.

Professor George Hinkle of the San Francisco State College spent the weekend with his family at their Bittencourt Tract home.

Mrs. Eleanor Swanson will give an exhibition of local pictures of unusual nature and a short talk on pressed flowers and leaves on November 18 at 3 p. m. in the former elementary grade classroom for the pupils of the grammar grades. All are welcome. Mrs. Stella Watson will read Mrs. Swanson's poem on Lake Tahoe.

The assembly Friday last included a number of interesting numbers including a recitiation by Clifford Dockham. Robert Dockham gave an account of his recent visit to the acquarium at Golden Gate Park; Shirley Winslow sang Playmates and Stanley Martin gave a reading; Roger Hursey gave a recitation; Terry Tollefsen recited a humerous poem and Robert Schumacher played a tonette solo.

Tuesday motion pictures shown in the auditorium included Ailliner.

Miss Barbara Stoddard has been transferred to the Burbank school in Southern California. The A. C. Stoddards have moved from Tahoe to that city.

Tahoe teachers, Mrs. Myrtle Gallinger, Mrs. Bliss Hinkle and Jay Schumacher Friday attended the institute in Auburn. The high school dinner aws held at Freeman Hotel and the dinner meeting of the grammar school teachers was given in the Auburn high school cafeteria. Mrs. June Dyer, former Tahoe teacher, came up from San Francisco to attend. She is now teaching in the Lafayette school there.

Mrs. Lu Siemion of Auburn on Tuesday visited the Tahoe school to inspect the reading of the recent smallpox vaccinations.

The grammar grades are in receipt this week of a lovely box of flowers sent them from Suisun from one of their members, little Blodwyn Tiffee who is visitng for a few days with her mother.

Retail Sales Show Gain State Report Reveals

SACRAMENTO., Nov. 12.— Sales by independent California retailers increased 6 per cent for September, 1942, over the same month in 1941, according to an announcement by J. C. Capt, director of the census.

Sales for the first nine months of this year were 5 per cent obove the volume for the corresponding period a year ago.

SURVIVORS VISIT

The John Pingree home was the scene of a jolly reunion last week when Mrs. Pingree's son, Phil Asal, survivor of the Lexington and his friend, Warrant Officer E. A. Romine, survivor of the ill-fated Wasp, in company with Miss Virginia Asal, Pauline Poor and Julia Manson enjoyed a visit with his son, Edward Romine for whom Mrs. Pingree has cared for several years past.

ENLISTS IN WAVES

Miss Kathleen Starratt is waiting word from the powers that be, hoping sincerely that her application for admission to the WAVES will be accepted within the next few weeks.

CARD OF THANKS

I wish to thank sincerely all my Tahoe friends and neighbors for their many kindly and gracious expressions of sympathy to me and mine during our recent bereavement. It was most deeply appreciated by us.

Mrs. Lloyd Yeakel and Family.

REV. ROBERT H. HARPER

Christian Nurture in the Family.
Lesson for November 8: Deuteronomy 6:4-9; 20-25; II Timothy 3:14, 15.
Golden Text: Proverbs 22:6.

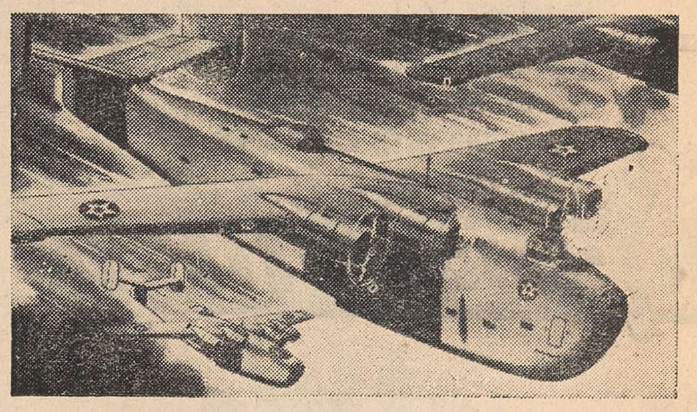
The writer recently had the pleasure of renewing his association with the children of a Christian home he had known in boyhood and he found that the four sons and two daughters have not departed from their early training.

The lesson presents several passages (among many in the Bible) that teach the duty of parents toward their children. Deuteronomy urges parents to love God and teach his way unto their children. Once a mother told the pastor of the church which had enrolled her small sons in its church school that she herself had no faith but that she would like for her sons to have "some kind of faith." The church in many instances has no co-operation from the home. Surely parents should first love God.

Deuteronomy commands parents to instruct their children in the sacred history of their people, making clear the providence that had attended them. What a theme this would be for parents today!

In the last passage we have an exhibit of Christian teaching, proof of its results. Consider Timothy.

Parents: realize how great a treasure God has committed unto you in your children and as good stewards of their moral and spiritual lives present them unto the Lord, wholly dedicated and trained for his service.



It takes 12,000 telephone calls to build a bomber!

And it takes a lot of calls to build ships, tanks, guns . . . to move millions of men and the supplies they need.

With vital telephone materials drafted for the duration, additional lines cannot be built at this time. But war calls must go through. So will you, please:

Ask yourself, every time you are about to make a long distance call, *is this call necessary?*

And when you do call, please *be brief.*

Your assistance, and your understanding of the magnitude and importance of our task in keeping the telephone lines clear for war calls, are deeply appreciated. Your help makes it possible for us to be of maximum service to our Nation.

WAR CALLS COME FIRST

TAHOE LETTER

* * * *

To the Service Men

From SWANEE

Tahoe City, Calif.
November 12, 1942.

Dear Tahoeites:

This week the allied world was electrified and thrilled beyond words to hear that the long promised second front at last was opened. One is impressed with the feeling that the enevitable victorious end of this globe circling slaughter is truly another step closer. It must also serve as a public notice to ravished Russia and the smaller, peace-loving nations which have been violated and plundered by Hitler's hordes and accomplices, that America keeps her promises and new faith will surely be born among them that ultimate victory must come to that cause which is just and godly.

This week my long suppressed "hunch" that Tahoe would be more or less isolated this winter came true For Monday the three men who have been remaining here at Tahoe for highway maintenance were ordered to Truckee for the winter.

The highway department at Sacramento when queried lately, assured local residents that they would "attempt to keep the lake highways open, but conditions beyond our control might prevent this." Highway crews have dwindled, and are alomst impossible to replace and anyone familiar with the Truckee-Tahoe region in mid-winter well knows the large crews necessary to maintain open roads. So it looks like a return to an old-fashioned winter of ten or more years ago when one put the family auto in the garage and forgot about it until spring. One good way to conserve rubber and gas!

Tahoe really went to town on the recent scrapiron drive held here and Norman Mayfield and his faithfun helpers can well be proud of the huge load of prospective ammunition designed to ruin the Hitler-Hirohito coalition.

I picked up a true story this week from Reno which should produce a bit of heavy thinking in the minds of all of us and maybe a little action from authorized quarters. This tale when told me raised my Irish dander—and made me want to shout it from the housetops. I believ it to be absolutely authentic. In Reno a barber conducts a shop on one of the main streets. His clientele includes men from banker to truckdrivers. On a morning last week one of the latter ....a burley fellow who had driven his big heavily laden truck and trailer long hours settled down in the chair for tonsorial service and told the barber this tale.

He had arrived in Reno quite early, parked and made his way to a nearby restaurant where cold hungry and dog-tired he ordered a breakfast of bacon and eggs, toast and coffee. The waitress smiled at him in a friendly manner, but apologizing, explaining that he could not have bacon and eggs as the former was not available at the eime.

For a time the driver simply sat and stared at the girl and his face reddened with sudden and unmistakable anger.

"You mean to tell me I can't have any bacon and eggs?" he queried, as if to be certain he had heard right.

"That's right, orders you know. We're sorry, but we can't help it."

Stifling a stream of oaths the driver rose and took the girl by the wrist.

"Come with me, miss, I want to show you something!" She drew back in alarm, not knowing how to accept this strange invitation. But he assured her he was perfectly normal .... only doggoned mad. Since business was slow at that hour she and her employer, at his request, went to the nearby parked truck. There he flung open the doors of both truck and trailer and invited them to look in. Stacked to the ceilings were actually tons of fine quality bacon and eggs ...."consigned," he said, "TO A JAPANESE. CONCENTRATION CAMP BEING MAINTAINED BY THE GOVERNMENT."

The fellow unhesitatingly declared he would be glad to go without whatever was necessary, but he didn't appreciate doing so while our back-stsabbing, hypocritical Japanese population was eating their fill and not turning a hand.

Will leave you now for another week and hope this isssue of the Sun finds you all in good health and spirits. Wishing you a world of luck, all good.

Fatihfully yours,
SWANEE.

Maneuver for Position in Solomons

This photo was sent by radio from Honolulu to San Francisco and to Chicago by soundphoto. It shows marines moving through a tropical jungle on the Solomon Islands to get into position to attack Japs entrenched on Matanikou river.

Tahoe Kwikies

Word reaching us from Camp Roberts where Private Bill LaMarr is undergoing some extensive training gives us little information but leads us to believe that Bill is working overtime to reach his ultimate goal .... and not too distant active service. His wife Hazel now working at a Sacramento airport office, is tackling her seceretarial position with similar determination. Bill learned upon reading the Sierra Sun that his old buddies in the Tahoe Gun Club refrain from buying him a present and invest the money in war stamps instead. 'in order that he might return home all the sooner." Bill is going to get a little rememberance but the gun club plans to invest every idle dollar in its treasury in war bonds before discontinuing meetings for the winter. That should make Bill feel a wee bit better.

Miss Betty Woodruff has missed several days from school recently while suffering from a bad cold and results of her vaccination. Her step father, Jess Sisk has also been under the weather for several days.

Mr. and Mrs. Henry Worden returned to Tahoe election day and returned again to Oakland Wednesday. Worden is planning to enter defense work. Their daughter, Helen has now recovered from her recent illness and is employed in the bay area. Son, James has been employed in the Kaiser plant at Rishmond for some months.

Little Sammy Lee Carroll of Reno is visiting at the home of his grand parents, Mr. and Mrs. Charles Swanson for a week or more.

Georgia Wallace, daughter of the Robert Wallaces will transfer to the Truckee high school this week as her paernts are moving from Tahoe.

Two other families Truckee will gain from Tahoe are the Ben Stanleys and Glenn Sweeneys. Both men are employed by the highway department and have been ordered to move to Truckee for the winter.

A chicken dinner party Monday at the home of Constable and Mrs. Harry Johanson was attennded by Bud Jones, Paul Crandall and Jack and Kathleen Starratt.

Two Sets of Wings

Maj. G. A. Daymond, American flier who was a star member of the Eagle squadron of the RAF, is shown wearing the two sets of wings that Eagle Squadron men are now privileged to sport. The Eagles have been transferred to the U. S. army air forces, but retain their identity and still wear the RAF wings.

Mr. Pollock was accompanied by his wife and two daughters who are attending the Tahoe Lake school.

Mr. and Mrs. Virgil Gwinn who have a home in the Bittencourt tract but who have been living at Luning, Nevada, visited birefly at Tahoe the first of the week.

Miss Illian Vernon, daughter of the Clarence Vernons, spent the week end wit her folks at Tahoe.

E. H. PoPmin enjoyed a successful duck hunting excurision at his club in Gridley.

Mrs. Stella Watson of Tahoe is carrying the mail for the former Beccy Brodehl, now Mrs. Milton Schontz, who is honeymooning.

The lifting of the ban against Italian aliens by the United States government brought boundless joy to the heart of one of Tahoe's residents and she is Mrs Diamante Vanni, mother of Carlo and Pete Vanni of Bittencourt Tract. She and her son Pete enjoyed a visit at hteir home for several days last week, the first she has been able to make this summer due to restrictions.

Mrs. Jewel Bechdolt and son, Bill moved to Reno for the winter Sunday. Carl, Sr., expected to join the family there within the week.

Mr. and Mrs. William Steenis, Mrs Phyllis Carroll and George Robinson all of Reno and Sparks enjoyed the weekend visiting at the Charles Swan son home in the Sunnyside district. James Wilson of Tahoe Cedars joined the group for a duck dinner on Sunday afternoon.

Mrs. Fred Cowell, former resident for many years of the Tahoe area, is this week visiting at the home of Mrs. Stella Watson in town. She is enjoying renewing acquaintances of old neighbors and friends.

Mr. and Mrs. Earl Nelson of Kings Beach were visitors Sunday at the lake. They came over to inspect their property at the north end, close up their houses for the winter and visit briefly with friends. Mrs. Nelson has been living in Reno and Earl is working at Honey Lake.

The level of Lake Tahoe Monday stood at 6227.31 with 176 CSF of water leaving the gates. Mornings and evenings remain chilly, with ice covering streams, ponds and backland lakes.

Mr. and Mrs. C. O. Valentine of Valentine's Cabins near the Tahoe Tavern left Tahoe Monday to make a leisurely trip to the southlands where they vacation annually. They planned to go to Reno before heading south. While living quarters are difficult to secure in the Los Angeles district, they have secured an apartment in their customary location. They declare they will welcome the weekly arrival of the Sierra Sun to keep them informed of Tahoe happenings.

Visitors in town over the weekend at the Carl Bechdolt, Jr., home were Mr. and Mrs. Floyd Carnell and sons former residents of Tahoe City now residing in San Rafael. They enjoyed visiting with old friends and were lucky to find sunny weather.

DALE CARNEGIE

Author of "How to Win Friends and Influence People"

DON'T TALK ABOUT IT . . . DO IT!

July 16, 1938, Grace V. Neff took a walk down Fifth avenue that caused a change in her life. No, she did not find the Kohinoor diamond; no man rushed up and proposed. Nothing like that. No, she did one of the most unusual things in the world: she suddenly saw a shortcoming of her own and decided to do something about it.

As she took this walk with a friend, she told him of a wonderful idea she had! To make costume jewelry from vegetable seeds. Her talk was most enthusiastic.

The friend listened for some time, then said: "Look here, Grace. You are one of those people who talk their ideas out instead of carrying them out. You get a feeling of accomplishment from talking instead of doing. I've heard you describe good ideas before, but you never carried them through. Don't let your enthusiasm go up in a cloud of talk. Don't say another word about that idea. Get busy and put it over!"

Grace was resentful, but when she thought it over she realized the truth of what had been said. Her temperament spurred her on to talk instead of work.

She bought an ordinary, everyday, cornfield pumpkin and cut it open. The seeds had a lovely shape and a nice border. She dried the seeds, lacquered them red and strung them on a string. Lo, a necklace! She had done the hardest part now—made a start. For that is where most people fail. They don't even get started.

She haunted grocery stores and markets. She bought every vegetable that had a seed. She found her biggest difficulty was to get a hole through a seed without cracking the seed. The next was how to color a seed; then how to degerminate it.

She named her creations: "Philadelphia Pepper Pot," "Boston Bean Pot," "Little Minestrone," "Farmers' Special." She called on a manufacturer and he was so interested that he called 27 salesmen to view her work. In March, 1939, a contract was signed; soon after that her seed jewelry went on the market. The idea swept the country. A necklace of pumpkin seeds! The fashion magazines took it up. Publicity. Radio.

When you get an idea, don't obtain your feeling of accomplishment by merely talking about it. Act. If you talk about it too much your enthusiasm is likely to wane and you'll probably not carry out your idea.

That Extra Something!
...You can spot it every time

IN making a bull's-eye or making a soft drink there are no short cuts to "know-how". Fifty-seven years of knowing how to blend Nature's choicest ingredients explain the different kind of refreshment you get in Coca-Cola.

A finished art in its making creates its original taste not found in anything except Coca-Cola itself. The same skill guarantees the unique quality of this best-liked soft drink on Earth.

Coca-Cola goes beyond merely quenching thirst to leave a delightful after-sense of refreshment. Be sure you get *the real thing*. So call for ice-cold Coca-Cola by its full name or by its familiar abbreviation—Coke.

Outdoor action calls for a refreshing indoor reaction. It calls for ice-cold Coca-Cola. It's only a little thing, but the big things it does to please people make it the best-liked soft drink on Earth.

Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

Coca-Cola 5¢

The best is always the better buy!

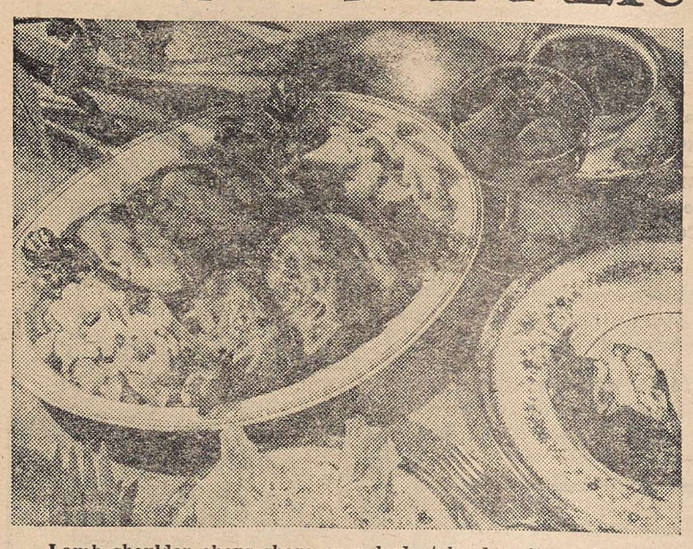
Your SUNDAY DINNER



Lamb shoulder chops share your budget burdens if you know how to fix the cheaper cuts. For Sunday we suggest lamb shoulder chops that have gone "devilish" . . . but they still provide protein, minerals, vitamins and plenty of energy too. With the deviled chops serve creamed carrots and celery—it's a happy combination. Baked potatoes of course, as long as the oven is going. We need something crispy for a salad so let's serve cabbage slaw. Fruit gelatin is the simple but tasty dessert.

THE DINNER

*Deviled Lamb Shoulder Chops
Baked Potatoes
*Creamed Carrots and Celery
Cole Slaw
*Fruit Gelatin Cookies
Beverage
*(Recipes Included)

The menu is properly balanced for nutritional value. It supplies:

The Meat: Proteins, minerals, vitamins, A, B, C, and G and some fat.

Baked Potatoes: Carbohydrates, minerals, vitamins A, B, C, and G and fats.

Carrots and Celery: Vitamins A, B, C, and G; minerals, carbohydrates and fats.

Cole Slaw: Minerals, Vitamins A, B, C, and G; some fats.

Dessert: Carbohydrates.

To Serve Six You Need:

6 shoulder lamb chops
6 potatoes
1 large bunch carrots
1 large stalk celery
1 small head cabbage
1 package cherry gelatin
(Balance of materials among staples.)

***Deviled Lamb Shoulder Chops.**

Have lamb chops cut 1 inch thick. Beat 2 egg yolks slightly, add to 3 tablespoons melted butter; season with 1 teaspoon dry mustard, 2 teaspoons Worcestershire sauce, and 2 teaspoons vinegar. Brush chops with this mixture and place on rack in preheated broiler. Broil 5 minutes until brown, then turn and brown on other side.

***Creamed Carrots and Celery.**

1 large bunch carrots
1 large stalk celery
1 cup cream sauce

Scrape carrots, slice in strips lengthwise and boil until tender in boiling salted water. Wash celery, slice in ½-inch slices and boil in boiling salted water until transparent. Drain vegetables, place in dish and pour cream sauce over them.

***Fruit Gelatin.**

1 package cherry gelatin
1 can fruit cocktail
1 banana, sliced
½ cup chopped nuts

Dissolve gelatin in 1 cup boiling water. When thoroughly dissolved, stir in 1 cup cold water. Place in refrigerator until gelatin begins to set. Drain fruits and add to gelatin with sliced banana, and chopped nuts. Chill until firm. Serve in sherbet glasses.

Serving Hints:

The chops can be placed three on each side in the center of the platter, as illustrated. The creamed vegetables can be served right on this platter if desired, being placed at each end of the platter. Bits of endive and radish roses add a colorful garnish.

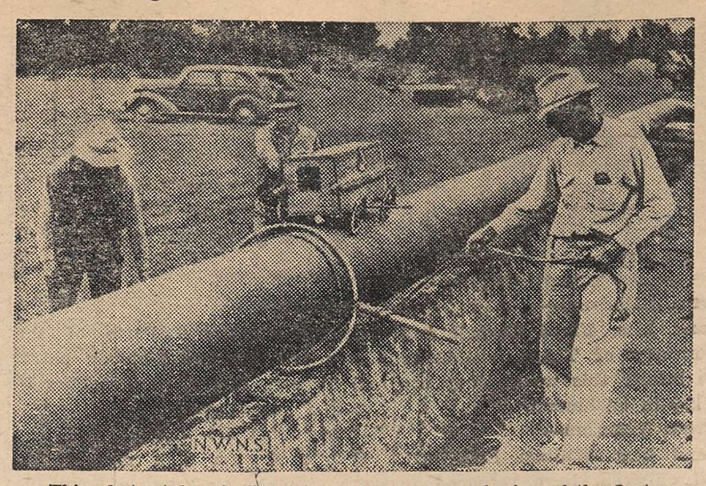
The cole slaw may or may not be served on a leaf of lettuce. If the slaw is being served individually it makes the service more attractive.

Spoon the gelatin into sherbets and top it with a bit of fluffy whipped cream just before serving. Sprinkle with a few chopped nuts and a bit of cherry too, to make it really colorful.

Use of Leftovers:

This is a very good way to use up that extra gelatin. Scoop out spice cupcakes. Put a spoonful of whipped cream in each cupcake and then fill it with the gelatin fruit mixture. Top with another bit of whipped cream and serve.

To Bring 'Black Gold' to Oil-Starved East



This photo, taken in Longview, Texas, shows laying of the first section of the giant pipeline that will bring sorely needed oil from the oil fields of the Southwest to southern Illinois, whence it can be rushed to the Eastern seaboard by tank cars. The 24-inch pipe used in the line has steel walls three-eighths of an inch thick. Take note of the "snitcher," an electric device that spots flaws in the pipe covering, which is run over the pipe to make sure that all is shipshape before the section is buried.

WHY, WHEN, WHERE OF COFFEE RATION GETS EXPLANATION

Beginning at midnight November 28 every person in the country over 15 years old will be entitled to a ration of one pound of coffee each five weeks, Regional Price Administrator Harry F. Camp announced.

"Meanwhile," Camp said, "there is no reason for anyone to run to the corner grocery, put the squeeze on him and try to force him to help a hoarder. There is absolutely no excuse for hoarding coffee at this time.

"We're announcing the forthcoming rationing now because we're going to have to talk to a lot of people in the coffee industry and elsewhere about administration of the rationing program. Naturally, stories and rumors will be creeping around what we propose to do. Most of them will be entirely garbled and thus create more confusion and hysteria than even now exists on the subject of coffee. We are therefore stating what we plan to do so that the public can get the story straight and from an official source.

The Coffee Story

"The coffee story is this—for ten years before 1941 we consumed about 13 pounds of coffee per capita per year. Last year, due to abnormal demands, this figure jumped to about 16 pounds. This far in 1942 we have consumed coffee at the rate of about 12.5 pounds annually. Therefore, a ration of one pound each five weeks per person over 15 certainly is not a drastic reduction."

Consumers will get their first coffee ration by surrendering the last stamp of their war ration book No.—the book now used only for sugar rations. Subsequent rations of coffee will be on coupons taken in sequence so on toward the center of the book. Specifically the stamps numbered 28 down to 19. No book on which the age of the holder is stated at 14 years or younger will be valid for the coffee ration. Use of the book for sugar will continue exactly as in the past. Those who did not obtain War Ration Book No. 1 may get them from the local war price and ration boards now.

Transport Difficulties

..OPA was directed to undertake the rationing program by the War Production Board after it became apparent that the available coffee supply in retail stores—65 per cent of normal was insufficient to meet consumer demands. This, the WPB said, was largely due to excessive buying by consumers. The 35 per cent curtailment of deliveries to the retail stores resulted from a WPB limitation order requiring restrictions on the sales from roasters to wholesalers to retailers, which resulted in turn from lack of ships to bring coffee in normal quantities from Central and South America.

All sale of coffee at retail will be frozen at midnight November 21 for the week rationing starts, in order to permit retailers to stock their shelves for the beginning of the rationing period.

Let a man try faithfully, manfully to be right, he will daily grow more and more right. It is at the bottom of the condition on which all men have to cultivate themselves.

SCHOOL MUST BE PREPARED TO AID FARM NEEDS SOON

SACRAMENTO, Nov. 12.— (UP)—California school officials are preparing to take action on a warning issued by Dr. Walter Dexter, state superintendent of public instruction, that unless students were organized to work in agriculture next year, "a most serious food shotrage will result

Schools must take the initiative in training students in the importance of farm work, Dexter said.

School superintendents and principals also discussed the "victory crops' plan of physical fitness for all students at a special meeting held last week.

Such a plan is to be included in all four-year and senior high schools as soon as possible. The program will include a rigorous sports setup.

Dr. Dexter suggested that schools coordinate all student defense activities, such as salvage drives, Boy Scout work, Junior Red Cros, and other programs.

———V———

Minor Strikes In State Don't Involve War Work

SACRAMENTO, Nov. 12.— (UP)—H. C. Carrasco, state labor commissioner, today reported six strikes involving 112 persons were in progress in California as of October 1, 1942,

The largest of the half dozen disputes involved 72 workers.

None of the strikes was in war production industry.

"UNREAL REALITIES" IN THIS AMAZING AMERICA

NORTH WOODS SUPERMAN →

By *Lake Bemidji* in *Minnesota* stand huge statues of Paul Bunyan, the mythical giant lumberjack, and Babe, his famous big blue ox. According to Paul's tall stories, the Ten Thousand Lakes of Minnesota are merely Babe's footprints that have filled up with water.

← NATION'S NO. 1 NEWSBOY

To thousands of American communities, Greyhound is also newsboy, mailman and expressman. Geared to provide transportation in peace or war, the role of "newsboy" is typical of the wide range of Greyhound's services to America.

CITY ON ICE

Smeltana, Michigan, booms in winter but disappears in summer. Its 250 houses are built on the ice of Lake Charlevoix, its inhabitants fishermen seeking the silvery smelt beneath their somewhat temporary homes.

DESERT WATER BARREL

Probably the last place you'd look for water is in a cactus plant—yet the barrel cactus on the desert near *Tucson, Arizona,* was a life-giving source of water to pioneers. Some of these huge, weird plants are over a hundred years old.

HEAT WITH OIL THIS WINTER

For good, consistent, clean heat there is no substitute for GOOD oil. Why not try it this winter and enjoy the comforts and convenience which only clean, regulated oil can provide?

IN CHOOSING A DEALER

Select a pioneer in the fuel oil industry. We are prepared to extend expert service on your equipment and will be pleased to advise you on your heating and cooking requirements.

FILL YOUR TANK NOW

Call our driver—let hif fill your tank service your equipment and avoid the inconvenience of winter delays.

Notice for Payment Of County Taxes

The taxes on all personal property secured by real property, and one half of the taxes on all real property for the fiscal year beginning July 1, 1942 and ending June 30, 1943 will be due on the first day of November, 1942, and will be delinquent on the fifth of December, 1942 a five o'clock p. m. and unless paid prior thereto eight per cent will be added to the amount thereof, and if said one half be not paid before the twentieth day of April, 1942, at 5 o'clock p. m. an additional three per cent will be added thereto. The remaining one half of the taxes on all real property will be payable on and after the first day of January, 1943 and will be delinquent on the twentieth day of April, 1943 at 5 o'clock p.m. and unless paid prior thereto 3 per cent will be added to the amount thereof together with a further charge of 50 cents for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provied is due and payable.

Taxes are payable at the Treasurer's office, Nevada County Courthouse, Nevada City, California.

ELMA HECKER,
ExOfficio tax collector county treasurer, Nevada City, Calif.

THANKSGIVING: It means a lot to you to be with the home folks. But—it means much more to the men in service who will get furloughs at that time. Clear the way for them.
